# Welcome

Thank you for joining the Bunbury mill volunteers

We are a small group dedicated to preserving the Bunbury mill.

Our volunteers are from a variety of backgrounds.

We look after the gardens, maintain the mill machinery and its buildings, and provide mill tours and educational visits.

Whatever your interests, you will be sure to find a niche here.

# A bit of background

**Bunbury Mill is a registered charity :**  
**Bunbury Water Mill Trust**  
**Registered Charity No. 1137485**

The Trust is overseen by a board of **seven trustees**. It is a not-for-profit organisation run within the guidelines of the Charity Commission .

In addition to the trustees, we have section leads for:

- 1 Engineering team
- 2 Gardening team
- 3 Mill guides
- 4 Visitor centre team
- 5 Education and schools

Volunteers tend to chose to work with a team that fits with their interests

# The History of Bunbury Mill

## Being part of a long tradition

- There has been a mill on this site for over 800 years.
- The mill website gives an excellent overview at <https://www.bunburymill.com/history>
- As a new volunteer, you should be given a free copy of the excellent **'Behind The Door'** booklet which explains the history and workings of the mill. An electronic version of this booklet should be available in the members section of the website soon

# How Can I Help?

Decide which team you would like to join

Do you enjoy gardening, or would you prefer to look after the visitor centre on Sunday afternoons.

Do you enjoy maintenance projects?

Is history your bag?

Speak to the relevant section lead

The section lead can advise you where you can best help out with ongoing projects

We are short of mill guides, and always need helpers for the schools visits. Folk with fundraising skills are very welcome too.
